OHIO COUNTY JAIL—ITS GOVERNMENT.—On last evening, by invitation of our accomplished jailer, Mr. Jones, we visited the county jail.

For some time past the convicts have assumed themselves in a very unbecoming manner, indulging in all sorts of noises, etc. On yesterday Mr. Jones had the rules of the prison printed and posted up in the hall of the prison, and last evening, when we were present, he assembled his prisoners and read to them the law regulating the penalties for violating the rules. He told them, in a few plain words, that he would deal gently with them until they could become used to the rules, but a wanton violation of them would insure prompt and severe punishment. We think they will be observed, as Mr. Jones is known to be a man of his word.

The jail is in splendid order. Mr. Jones keeps as nicely as a hotel. If we are ever a prisoner we want him to be our jailer.

The following are the rules as printed by Mr. Jones. We publish them for the information of the public. Evil doers who do not contemplate reform, had better commit them to memory, or call upon Mr. Jones and get a printed copy:

Rules for the Government and Discipline of Convicts in the Jail of Ohio County, adopted at a Convention for West Va., held at the Court House, on the 1st day of January, 1885.

1st. Immediately after each male convict is received into prison, the keeper shall cause his head and hands to be closely shaved and shaved once a fortnight, or oftener if needed by his personal appearance, and the hair to be thoroughly cleansed and clad in the prison uniform.

2d. The prison uniform shall be of coarse, cheap cotton or woolen cloth, one half of the coat and pants to be of one color and the other half of each to be of a different color.

3d. All conversation is forbidden under penalty of imprisonment. The use of profane language and whistling, singing and all noise is prohibited.

4th. One prisoner is not allowed to visit another.

Any violation of these rules will be punished as prescribed by law.

5th. Visitors will not be admitted on Saturday or Sunday; nor on any other day, except between the hours of nine and twelve o'clock, a. m., and one to four o'clock, p. m.

6th. The prison is to be kept as clean as possible.

7th. The river was still falling yesterday, with four feet six inches in the channel.

The Roanoke passed down for St. Louis. On account of the low stage of water she was unable to take a large lot of freight which was offered to her. The Eagle arrived and departed again for Parkersburg. She was somewhat late in her arrival, having been detained at Marietta in receiving freight from the Wid Water Company, which latter boat returned to Cincinnati. We suppose this was occasioned by the low water, and that the Wagoner will be at our landing again. We would miss very much the "gay and festive old cuss" who cracks his whip on the wheel house.

The Revenue will resume her place in the Cincinnati trade on Friday next. She has been entirely overhauled—repainted, etc.—and is now as clean and neat a craft as leaves our wharf.

POLICE COURT.—In the police court yesterday morning Len Gibson was arraigned on charge of larceny. His case was before Judge by us. Len has been a gay young fellow, traveling in consideration of his manifold offences, and the extent of the law was sent up to the Circuit Court for trial.

Another case, of no importance, was up, but was dismissed without trial.

Lost.—We neglected yesterday to refer to the advertisement of the loss of a butterfly cravat and breast-pin. They belonged to Mr. Wm. Battelle, of the firm of Booth, Battelle & Co., and have since been found. They were lost somewhere in the vicinity of the steamboat landing. It is hoped they will be found and returned to the owner, who will pay a liberal reward for the same.

SMALL FIRE AT THE McLAURE HOUSE.—Yesterday morning, about 9 o'clock, the kitchen of the McLaure House caught fire through some defect in the cooking apparatus. For a time much danger existed, but the hose attached to the house was quickly brought to bear on it, and the flames were soon extinguished. No interruption was occasioned to the business of the house.

MORE CURRENT DESTROYED.—The offices of the National Bank of West Virginia destroyed on Tuesday evening last about \$14,000 in redeemed currency of the old North Western Bank. This was of the Wheeling branch issue—previously destroyed belonged to the Jeffersonville branch issue.

NEW WATER PIPE.—A new water pipe is being put at the residence of Mr. M. D. Cox, on Fourth street.

# General Grant takes breakfast this morning at the United States Hotel, Steubenville. He is expected to arrive there at 6:45, and leave at 8:45. The Herald calls upon Steubenville to honor himself in honoring the Lieutenant-General; to give him a hearty welcome, such as becomes a grateful people to a faithful officer who was faithful among the faithful.

MARKET YESTERDAY MORNING.—The market yesterday morning was very well attended by both sellers and buyers. As is usually the case an extraordinary price was asked for butter, as much frequently as 40 or 50 cents per pound. This is a gross outrage, and if our citizens would resolve for a short time to do without this article it could soon be bought for a reasonable price.

DEMAND is the test of popularity, and never in this country has been a fifth part of the demand for any article that there now is for Phonolite. "Night Bloomer Cereus." The sales for the current year show an increase of one hundred per cent. over those of the same months in 1884. Sold everywhere.

ABOUT FURNITURE.—The repairs, in addition and new roof, which have been going forward recently on the Catholic Academy, on the corner of Quincy and Fifth streets, are about finished. They will add greatly to the appearance of the building.

REPAIRING.—Some repairs are being made in the floor of the passage way of our Postoffice—a guide a number of the tiles having become so damaged as to require replacing.

BEING PAINTED.—The building on the Southwest corner of Monroe and Market streets is receiving a coat of paint, which adds to its appearance very much. A new roof has recently been put on part of it.

ANOTHER NEW WALK.—A new walk is being laid down across Monroe street at the east side of Fourth street crossing.

WE are under constant obligations to McKelvey's News Depot for Cincinnati papers in advance of the mail.

BOOKING at No. 1 Old Fellows Hall, has just received a large stock of Phonolite Night Bloomer Cereus—which he is selling at 75 cents a bottle. Call and buy a bottle.

LIGHT bread and light hearts go together more frequently than most persons imagine. If you want to see a "happy family," visit one in which they use the *Excelsior Baking Powder*; you will hear no complaints there about the "head of the family" when he takes a seat at the table. Ladies who are married, and those who expect to be, should "take a hint." Dealers supply the powder on liberal terms, by T. H.
